

# HOW MUCH MONEY YOU EARN?

You can earn up to €100 for each person.

Your potential earnings through our referral program are significant. For every successful referral **that results in a completed website project and invoice payment**, you will receive a commission. The bonus is set at 10% of the total project cost for each referral, providing you with an attractive incentive for recommending our services.

Please be advised that there is a cap of €100 for each individual referral. However, **you can refer as many people as you can**.

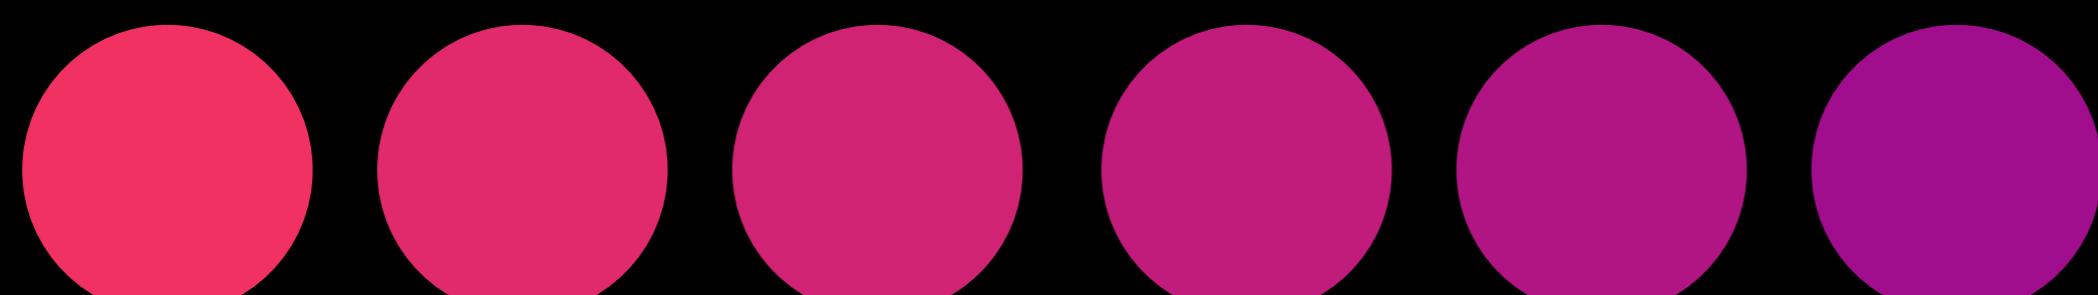

# HOW DO YOU GET PAID?

I will transfer money to your bank or PayPal

Upon the completion of the website or webshop project and the referred client's payment of the final invoice, **I will promptly contact you to arrange the payout of your commission**.

You will receive the money directly to the bank account of your choosing, or PayPal. It can take up to 5 working days to proceed with the payout.

**Questions?** Write me an email: [rec@designs4u.eu](mailto:rec@designs4u.eu)
